Softball
Tournament
- **Fri., May 18**
Bonduel
Softball
Tournament
(Rain Date:
May 22)
- **Tues., May 22**
3rd-4th Grade
Safety Day

Hello Parents,

He is risen! He is risen indeed! Alleluia! Hopefully you all had a wonderful Easter break. Here's the latest from the 3rd-5th grade classroom.

Spelling: Next weeks spelling list is attached. The pretest will be Monday and the test will be on Friday as normal.

Science: We are excited to have the opportunity to be working with an electric circuits kit from the Einstein Project through a grant from WPS. This kit will take us to the end of the school year as we learn all about electricity and how circuits work.

Writing: We are beginning a new writing project. In memory of the Titanic sinking 100 years ago on April 15th, the students will be taking on the role of a Titanic survivor and creating either journal entries or postcards to their families home to describe the experience.

Softball: Softball practice started this Wednesday. Practices run from after school until 4:30pm. Please remind students to dress for the weather and bring their gloves.

3rd-4th Safety Day: The 3rd-4th grade will be heading to a safety day at Kewaunee County Fairgrounds on May 22nd from 9am-2pm. More information will be going home about this, but I am looking for a few parent volunteers interested and able to drive to this event. If you are interested and able, please let me know. Thank you!

Blessings on the rest of your week!

In Christ,
Miss Bernau
